## College Prep - SAT & AP

**SAT**

Change is good!

AP classes are much more rigorous and time consuming than their regular high school counterparts are. As such, UC Campus offers AP preparation courses for Calculus, biology, chemistry, and physics over the summer that will prepare students for the upcoming school year and for the AP exams that take place in May.

### Grade 11-12

Pre Calculus	02:15pm - 05:15pm	M, W	\$450
AP Calculus AB	02:15pm - 05:15pm	T, TH	\$450
AP Biology	02:15pm - 05:15pm	M, W	\$450
AP Chemistry	02:15pm - 05:15pm	T, TH	\$450
AP Physics	02:15pm - 05:15pm	T, TH	\$450

Other than the student's transcript, standardized testing is one of the most important factors in a student's college application. Nearly every student can improve his or her scores with dedicated preparation. UC Campus offers two levels of SAT prep classes: SAT Regular and SAT Honor. The SAT Regular class is designed for students aiming for a 1200 out of 1600 on the SAT, a score which will place them toward the top of the University of California (UC) applicant pool. The SAT Honor class is designed for students aiming for a perfect 1600, and accordingly is more rigorous.
